A multinational consortium piloted by a French university answers the SC1-BHC-24-2020 call by proposing an innovative ICT based device that gathers all experts (gerontologists, oncologists ...) interfering in the therapy of elderly patients suffering from a multimorbid disease. This tool shall permit to coordinate each action on each patient's disease case. The consortium is looking for potential end-users (acquainted with gerontology and multimorbidity) to test the tool under a R&D agreement.

Deadline for EOI: 21 Sep 2019

Deadline of the Call: 24 Sep 2019
