A French university is looking for industrial partners to complete an international consortium responding to the H2020 FNR-11-2020 call. The proposal deals with the exploration of lichen and aims at developing a sustainable and renewable source of original bioactive molecules. The exploration of associated microorganisms and their biosynthetic potential will identify new bioactive compounds. The sought partners shall test and validate the latter in a realistic environment in a research agreement.

Deadline for EOI: 15 Jan 2020

Deadline of the Call: 22 Jan 2020

### SPAIN

A Spanish construction research institute is seeking industrial designers and/or manufacturers of smart windows and industrial developers of construction adhesive technologies to enter into a research cooperation agreement for a H2020 project proposal on industrialisation of building envelope kits for the renovation market.

Deadline for EOI: 13 Dec 2019

Deadline of the Call: 05 Feb 2020

**SPAIN****RDES20191128001**[Full text here](#)[Request the address](#)

A Spanish research organization, acting as coordinator in a proposal for call MG-2-12-2020 (Horizon 2020), is looking for a company with car/truck fleets. The project will design, implement and test a new screening tool, with easy replicability at European and worldwide levels, for the monitoring and evaluation of driving performance, cognitive load, physical fatigue and reaction time.

Deadline for EOI: 20 Dec 2019

Deadline of the Call: 09 Jan 2020

**GERMANY****RDDE20191127001**[Full text here](#)[Request the address](#)

A research institute of a German university currently sets up a proposal for the call "LC-SC3-RES-1-2019-2020 - Developing the next generation of renewable energy technologies". The project will develop an experimentally validated virtual test bench for wind drive trains. The organization is looking for research partners (from academia and industry) to address issues related to social acceptance or resistance to wind energy and manufacturers of wind drive train components.

Deadline for EOI: 03 Jan 2020

Deadline of the Call: 21 Apr 2020

**CROATIA****RDHR20191125001**[Full text here](#)[Request the address](#)

The Entrepreneurship centre is first the entrepreneurship centre in Croatia that connects entrepreneurship with innovative technologies in socially responsible and profitable projects. Intelligent Enterprise Manager is financial software for simple reporting, planning and analysis, software which doesn't only provide information but also helps in decision making within all levels of the company. They are looking for another SME to help them to develop prototype and test it in their country.

Deadline for EOI: 01 Mar 2020

Deadline of the Call: 01 Apr 2020
