A Dutch company is looking to further develop its non-thermal plasma (NTP) technology that has proven to greatly reduce the polycyclic aromatic hydrocarbons (PAC) emissions from the petrochemical industry. The company wants to submit a Eurostars proposal and is looking for research cooperation with a clean tech and petrochemical company focusing on development of the technology and its integration in the production processes.

Deadline for EOI: 30 Jul 2020

Deadline of the Call: 30 Sep 2020

SOUTH KOREA **RDKR20200629001** **Full text here** **Request the address**

A Korean company specialised in high precision processing technology is looking for a partner for a Czech-Korea bilateral co-funding R&D project. The main goal is to develop loading/unloading collaborative robot, aiming at handling atypical and handle-with-care freights. Thus, a Czech company specialised in high-speed auto-array distributor and conveyor control system could be possible. The deadline of proposal submission is 15 July 2020.

Deadline of the Call: 15 July 2020

SPAIN **RDES20200707001** **Full text here** **Request the address**

A Spanish-Canadian consortium is preparing a project proposal to be submitted to the H2020 International cooperation with Canada on advanced biofuels and bioenergy call (H2020-LC-SC3-2018-2019-2020). The project will focus on the efficient production of syngas and bio-oil from solid biomass. The consortium is looking for a Southern Europe partner in the energy sector to be in charge of the project management, communication and dissemination activities.

Deadline for EOI: 06 Aug 2020

Deadline of the Call: 01 Sep 2020
