[Request the address](#)

An Italian company is looking for a coordinator of a call in H2020, of a project proposal addressing environmental monitoring, risk prevention and risk mitigation, sensors and wildfires, through decision support systems. The company already has experience in EU funded projects and is open to research collaborations with other EU organisations working to submit under SU-RS02-2018-2019-2020 call.

Deadline for EOI: 20 Jul 2020

Deadline of the Call: 27 Aug 2020

SWITZERLAND**RDCH20200707002**[Full text here](#)[Request the address](#)

Monitoring levels of fatigue is an unmet clinical need. Current use of questionnaires is subjective and difficult to implement. A Swiss SME seeks to implement its digital diagnostic tools in health care either through its own digital platform or together with other health related platforms (preferably with a mobile module). To apply for Eurostars the SME is seeking partners with expertise in medical technology, digital diagnostics, health software / apps development for research cooperation.

Deadline for EOI: 07 Aug 2020

Deadline of the Call: 03 Sep 2020

GERMANY**RDDE20200713001**[Full text here](#)[Request the address](#)

A German SME looks for an industrial end-user requiring process heat. The heat will be provided by a demonstration plant for solar process heating with concentrating solar thermal collectors installed at the partner's site. The partner can be from the food & beverage, chemical, textile or metal sector. The project aims at collecting reliable performance data necessary to further develop the market for solar process heating. Partnership will be a research agreement in the frame of an FTI project.

Deadline for EOI: 01 Sep 2020

Deadline of the Call: 27 Oct 2020
