БЮЛЕТИН ПРОЕКТНО КООПЕРИРАНЕ

бр. 25 / 30.07.2020

SPAIN **RDES20200605001** **Full text here** **Request the address**

A Spanish SME is looking for partners who could support the screening and selection of COVID19 antigens to develop prototypes against COVID19. The company has a proven platform technology of chimeric virus like particles that would display selected antigens to elicit strong immune responses in humans. The project has 3 main phases: design of prototypes, screening & production and immunogenic. Companies, research institution or universities experienced in research health are sought (Eureka).

Deadline for EOI: 12 Dec 2020

Deadline of the Call: 31 Dec 2020

SPAIN **RDES20200709001** **Full text here** **Request the address**

A Basque (north of Spain) SME with experience in developing solutions for the digitalization of medical processes is currently working on a product directly related to the results yielded by COVID-19 tests and stored in a mobile app. The company wants to submit a Eurostars proposal and is looking for a partner for further development of the medical application under a research type of cooperation. The ideal partner could be a hospital, a clinic or a laboratory.

Deadline for EOI: 13 Aug 2020

Deadline of the Call: 03 Sep 2020

GERMANY **RDDE20200724001** **Full text here** **Request the address**

A German SME looks for a company from the agro-food industry to complete the consortium of the project SHIP2FAIR (Solar Heat for Industrial Process towards Food and Agro Industries commitment in Renewables). The project is already ongoing and receives funding under the call - H2020-LCE-2017-RES-IA. The sought partner should require heat in the medium temperature range (100°C to 400°C) and be interested in having installed a demo site on their premises. Partnership will be a research agreement.

Deadline for EOI: 15 Aug 2020

Deadline of the Call: 15 Aug 2020
